As square a man as you will meet  
Is good old Mr. Dunn,  
Yet everybody knows he has  
A rounder for a son.

## COMMITTS SUICIDE

STRANGER TAKES LIFE BY DRINKING CARBOLIC ACID AT LODGING HOUSE ON CASTO STREET. DEPENDENCY OVER BEING A CRIPPLE IS THOUGHT TO BE THE CAUSE.

Louis Cragg, aged about 40, committed suicide at the home of Mr. C. A. Williams, on Casto street, some time Wednesday morning. Cragg, who is a cripple from a paralytic stroke, has been working at the farm of Mr. Aaron Tegarden, near Ewing.

About a year ago he applied at the home of Mr. Williams for lodging and was admitted. Tuesday night about 7:30 o'clock he again came to the door and telling Mrs. Williams that he had been there before, was given a room. He appeared to be in the best of humors and before retiring told the Williams family a great deal of the story of his life. He then retired, telling Mr. Williams to wake him about 6:30 in the morning, as he had to catch a train to go to his sister's home, near South Ripley.

At the appointed hour Mr. Williams went into the bed chamber to wake him and found him groaning and foaming from the mouth. Seeing a bottle of carbolic acid on the table, Mr. Williams quickly realized what the man had done and went for Dr. P. G. Smoot. When he returned he found that the man had passed away, and sent for Coroner Charles Slack.

Letters were found on the body that showed he had a sister, Miss Josie Cragg, of 931 Westport avenue, Kansas City, Mo., and that he was a heavy loser in playing some gambling device. A Bible was also found near the bed, showing that the man had prepared himself before deliberately taking his life.

## PROMINENT FARMER COMMITTS SUICIDE

Tuesday night about 11 o'clock Peter M. Cook, aged about 40 years, of Germantown, one of the prominent farmers of Mason county, took his life by drinking carbolic acid. Mr. Cook has been ailing for some time due to a nervous breakdown, the result of waking some months ago and finding a negro standing over his bed. He was in this city Tuesday night until about 8 o'clock and it is said that he made several attempts to obtain a weapon with which to take his life, and when asked concerning a future sale, replied that he did not have any use for the article, as there would be no one to operate it. It is thought that he obtained the acid in this city.

He is survived by his mother, two sisters, Misses Anna and Bessie, and one brother, James Cook, of the Germantown neighborhood. When The Ledger went to press funeral arrangements had not been made.

Colonel Robert L. Green, who was nominated as a candidate for Auditor at the recent Democratic primary, was a visitor in the city Tuesday en route to Frankfort.

## DAM NOTES

BRIEF ITEMS OF THE WORK BEING DONE AT DAM NO. 33.

The work on Lock Dam No. 33 has at last reached high speed and more than 400 men are being worked every day at the big project.

The joists and framework of a building which will be used as a storage house for iron to be used in the work on the dam is now under erection. It is second in size only to the big cement warehouse.

The seepage of the cofferdam amounts to a stream about the size of a small creek, and it keeps the pumps humming to hold the water in control.

The big three-pump barge is kept going inside of the cofferdam day and night, pumping water out of the inside of the cofferdam so it will not delay the work on the cement system of locks, now being erected.

A row of piles three abreast have been driven into the floor of the cofferdam and these will be used as a foundation for the cement floor of the lock system. They are driven into the ground at depths that range from ten to thirty feet.

The floor of the cofferdam has several springs in it and each of the springs is of different colored water. There is a red spring in the west end of the cofferdam that produces several gallons of water a minute. The red color, it is thought, is caused by a deposit of iron. In the extreme east is a spring that throws out water of a deep green hue. This odd water, it is thought, is the result of vegetable matter. Several springs of mineral water are also in the cofferdam.

The boat built by the carpenters several weeks ago has been given the name of C. V. Burghart, and it is expected that it will be used in hauling all of the barges at the works.

Superintendent R. J. Graham has purchased a speedy motor boat which he uses in going to and from his work. It is a beauty and one of the speediest in these waters.

New machinery of all kinds, sizes and descriptions is arriving at the dam and being pressed into service at once.

## MEXICAN MONEY ON SHOW

The Standard Bank is exhibiting some Mexican money brought back from the land of revolutions by Mr. Louis McCarthy, of this city, who has been there on business. The money is of three different kinds, each of the three revolutionists having their own currency. The Villa money shown is worth only \$1.70 in United States money for \$100; the Carranza is worth but \$2.25 a \$100, while the Huerta coins are worth zero with the rim knocked off. The money is in bill form, ranging from a five peso to a 50 cent bill. The exhibit is well worth seeing.

## CAMP CAR CATCHES FIRE

A camp car used by the construction gang working in this vicinity for the C. & O. caught fire Tuesday morning near the Spahr Pressed Brick Works. The fire was soon extinguished by a bucket brigade composed of bystanders and section men, the damage was very light.

## ATTENTION, ELKS

Regular meeting of the B. P. O. Elks this evening at 7:30 o'clock. Full attendance desired.

C. E. GEISEL, E. R. W. R. Smith, Secretary.

## SPECIAL OFFERS

MEET WITH APPROVAL OF ALL CANDIDATES IN GREAT COMBINED CONTEST.

The great contest of the Bulletin and Public Ledger with its \$2,400 worth of prizes and its late extra vote and \$100 gold offer is proving more interesting hourly and each day finds more of the popular and enterprising ladies enthusiastically engaged in the pleasant pastime of securing votes. The extra gold and vote offer now in effect has created new enthusiasm and many of the workers have signified their intention of putting forth their best effort during the next ten days and thereby share in the gold honors. In addition to the gold, many thousands of extra votes will be issued on all clubs of subscriptions.

Everything is fair and equal in this campaign and candidates living in the country do not compete with those living in Maysville. This feature is attracting wide attention and is one of the reasons why so many of the popular ladies are interested. Just think of it! Ten prizes are given in each district and at head of each prize list is a magnificent late model touring car.

Who are to be the honored winners of the costly prizes is the all-absorbing question discussed everywhere. No one knows who will win and the candidates who put forth the best effort and do the most effective work during this present offer will have an excellent chance of winning the best prizes. The list of candidates, showing the number of votes credited to each candidate up to noon today, will be published in tomorrow's issue. Watch for this list and see if your favorite has made any gains.

Beginning August 17th and ending Saturday night, August 28, at 9 p. m., the Contest Department of the Daily Bulletin-Public Ledger makes an astounding combination offer as the special incentive to all candidates.

## Grand Special Offer

Each and every \$15 worth of subscription to either paper or both, will entitle the candidate to an extra credit of 75,000 extra votes in addition to the regular votes given according to the regular scale. Each subscription of four months, six months and twelve months can be included in this offer. A five dollar subscription will count as one club. All subscriptions turned in now count in three ways: First, on gold offer; second, in regular votes, and third, in the great 75,000 extra club offer and with such a wonderful inducement every candidate desirous of winning a prize should get busy now for it is only a few more weeks until this great campaign ends.

## \$100 Gold Offer

To the candidate of Maysville and the candidate outside of Maysville securing the largest amount in subscription payments of their respective districts during this offer, will each be given \$25 in gold. To the candidate of Maysville and the candidate outside of Maysville securing the second largest amount in subscription payments during this offer will be given \$15 in gold and the next two highest candidates of each district will be awarded \$10 in gold.

These extra gold prizes do not in any way interfere with the awarding of the regular twenty prizes and are given only as a special inducement for every candidate to get busy during the next ten days.

## False Rumors

DO NOT BELIEVE ALL YOU HEAR. SOME ONE WILL TRY TO DISCOURAGE EVERY GOOD THING. FALSE RUMORS OF ALL SORTS WILL BE GOING ROUND AND THE CONTESTANT SHOULD NOT ALLOW ANY ONE TO DISCOURAGE THEM. REMEMBER, THEY ARE NOT IN THE POSITION TO JUDGE AS WELL AS YOU.

## Open Evenings

For the benefit of those who are not able to get to the office during business hours, the Contest Department will be open every evening until 8 o'clock.

## POLICE COURT

Police Court Judge John L. Whitaker dispensed the following fines: Little Stewart, disorderly conduct, \$10.50. T. J. Tracey and "Turkey" Wright, \$10.50 each for the same offense.

## WHEAT GALORE

Wheat and more wheat keeps pouring into this city. In the last week J. C. Everett & Company have received nearly 500 loads of the golden grain, with the cereal still pouring into the big Second street elevators.

Colonel Charles C. Kirk, of Lyons, Ind., who has been visiting relatives in the Garden of Eden—Mason county—as he styles it, for the past week, left Tuesday afternoon for his home. Charlie, as he is familiarly known here, is now cashier of the Bank of Lyons, and everybody here—that's the way he puts it when he says it—was glad to welcome him back and know that he is getting along all right.

The Ladies' Aid Society, of the First Baptist church will meet this evening at 7 o'clock in the Sunday school room.

## MRS. GRONINGER, Sec.

Dr. Kahn, the optometrist and optician, will be in his office in the O'Keefe building, Monday and Tuesday. Charges for glasses reasonable.

FOR SALE—Ornamental garage, 10 x18 feet; almost new; easily moved; cheap. No. 504 West Second street.

Mr. Charles Luman, of Newport, is the guest of his sister-in-law, Mrs. Cora Götter, of West Fourth street.

Hou. M. Hennocsey, of Augusta, was in this city Tuesday on business.

## A GREAT REDUCTION

In going over our stock we find that we are OVERLOADED, and have decided to REDUCE STOCK, and it goes at cost.

This space will not permit us to list it all. One great bargain is 100,000 feet of an EXCELLENT GRADE OF OAK SIDING. This goes at \$2 PER HUNDRED. All other yard stock greatly reduced.

Don't miss this opportunity to get what you want in lumber and building material at the lowest prices ever known in Maysville. Terms at this reduced price are CASH.

## THE MASON LUMBER COMPANY, LEADERS

CORNER SECOND AND LIMESTONE STREETS. A. A. McLAUGHLIN.

PHONE 519. L. N. BEHAN.

MAYSVILLE, KY.

## LEO M. FRANK LYNCHED BY MOB

Marletta, Ga., August 17.—Leo M. Frank was lynched two miles outside Marletta today.

Marletta was the home town of Mary Phagan, the little girl an Atlanta jury found Frank guilty of murdering.

Earlier reports stated that his body had been found in Little River at Easton, but these were found to have been based on false information.

A mob dragged him from the hospital on the Milledgeville prison farm just before midnight. Of all the armed guards on the farm, not one raised a hand to protect him.

By automobile the mob rushed their prisoner to the spot where they had chosen to kill him. Of his last hours none but those who hanged him know.

That he was dead was not even known until his body was found dangling from a tree a short distance off the highway into Marletta.

Wounded Is Torn Open. Wrenched by the rope which strangled him, the gash recently cut in his throat by William Green, the fellow convict, who tried to murder him, had been torn open. Blood from the wound stained his prison suit. The body was not touched by shot. Evidently a fusillade fired by his lynchers as they fled from the prison farm was merely to scare off pursuit.

Lynchers Go 100 Miles. The lynching scene was more than 100 miles from the state prison farm. The Marletta Chief of Police said he was doing his best to find and arrest the lynchers.

Frank's body was found hanging to a tree about 75 feet from the public highway near Bryegon on the Roswell road, two miles east of Marletta.

The scene of the lynching is only a short distance from Mary Phagan's birthplace.

The dead man's wrists were locked with handcuffs. They were fastened in front of his body.

Mr. Joseph Caproni is in Louisville today visiting his son, Albert, who is in a hospital there.

## D. HECHINGER & CO.

MAYSVILLE'S BIGGEST AND BEST CLOTHING AND SHOE STORE

OUR MANHATTAN SHIRT SALE STILL CONTINUES. A GOOD OPPORTUNITY TO SECURE HIGH QUALITY GARMENTS AT A MODERATE REDUCTION. A FEW WAIST SUITS LEFT, AGES 2 TO 7. TAKE YOUR CHOICE OF ANY SUIT IN TWO LOTS AT 25c AND 50c.

## BUY A SUIT AHEAD!

ALL THE SPRING WEIGHT SUITS LEFT WE OFFER AT ONE-FOURTH OFF THE ORIGINAL FIGURES. THE STOCK COMPRISES MODELS IN TWO OR THREE BUTTON SACKS, WITH BROAD LAPELS, PATCH POCKETS, CUFFS ON SLEEVES. WE HAVE THESE SUITS IN ALL THE FABRICS OF THE HOUR: TARTANS, STRIPES, PLAIDS, TWEEDS, SERGES AND HOMESPUNS.

A BIG REDUCTION IN STRAW AND PANAMA HATS. COMPLY SHAPES SUITABLE TO EACH MAN'S PERSONAL REQUIREMENTS.

## D. HECHINGER & CO.

## REGULARS WILL PLAY AUGUSTA HERE SUNDAY.

Manager Dinger of the Regulars has secured a date with the fast Augusta ball team for a game here Sunday. This team has "Toss" McCain, of Ohio State League fame, pitching for them, and say that they can wipe up the earth with any team in the Ohio State League. The Regulars say they will have to trim them before they can tackle the Colonels. Frost or McDonald will be on the mound for the Regulars, with Dee behind the bat.

As this is the first time the fans have had a chance to see the Regulars for several weeks, a good crowd is expected.

## SUNDAY SCHOOL PICNIC.

The Third Street M. E. Sunday school picnic will be held today at Beechwood Park. Every one come prepared to have a good time and bring well-filled baskets. Mr. L. M. Lane will be on hand, which insures a good time to all, and no guarantees that the baskets will be returned empty.

Mr. John C. Burwell, local representative of the Liggett & Meyers Tobacco Company, left Tuesday for a short business trip to Richmond, Va.

Mr. William Hockaday has returned home from a visit to relatives and friends in Greenup.

## YOUNG WOMAN PASSES AWAY.

Miss Nina Campbell, aged 33, of Lee street, passed away at her home after a lingering illness. The deceased was a member of the Third Street M. E. church. She is survived by her mother, four brothers, Clark, Elijah, James and Clemmie, all of this city. The funeral services will be held from the residence this afternoon, Rev. J. M. Litteral in charge. Interment in the Hillsboro cemetery Thursday morning.

Mr. John Trapp, who is employed at the Dodge Tool Works in Detroit, is spending his vacation with his mother and other relatives in this city.

## \$1 and \$1.25 Dresses 50c

The two, three and four year miss need not lack a generous wardrobe when she can have such pretty fast-color percale and gingham dresses for such a little price. The styles are absolutely correct and are in cool low neck short sleeve designs.

## Cotton Frocks

Light, cool, dainty frocks for street and porch wear as well as for more formal occasions. Inexpensive but very pretty. Prices are greatly reduced. \$1.98 to \$7.50 buys dresses worth \$2.50 to \$12.50.

## Cotton Dress Goods for 10c Yard

Kimona crepe, beach cloth, ratine and other fabrics for 10c a yard that originally cost 15c to 25c.

1852

HUNT'S

1915

## RESIDENCE PROPERTY SOLD.

Colonel I. M. Lane, the real estate dealer, Tuesday sold the residence of Mr. Martin Biberley, at the corner of Third and Short streets, to Mrs. Nancy Vocum. Consideration private.

Dr. Kahn, the optometrist and optician, will be in his office in the O'Keefe building, Monday and Tuesday. Charges for glasses reasonable.

Mr. Batar Harrison, of Augusta, was in this city Tuesday on business.

Mrs. M. D. Atkins and wife, of Flemingsburg, were in this city Tuesday on business.

Misses Marguerite and Christine Yazzell are in Cincinnati this week visiting.

Miss Rose Haffey, who is spending some time at Villa De Chantal, Rock Island, Ill., for her health, is improving rapidly.

W. J. Clark, of Paris, was in this city Tuesday on business.

## Just Received By Express

One lot of Gaberdine White Skirts, with patch pocket, and trimmed with pearl buttons. They were made to sell for \$2 but we are going to sell them quick at \$1.25.

How many pairs of Oxfords have you bought to put away for next summer? We have some as low as \$1 pair.

## MERZ BROS.

THINKING of buying a Buggy, Runabout or Driving Wagon? If so, here's your opportunity to buy one worth the money. We want to clean up this year on buggies and invite you to our Mid-Summer Clearance Sales.

## MIKE BROWN

"THE SQUARE DEAL MAN"

ANY CHILD CAN ENTER

our FREE Pony Contest. One hundred votes for every dollars' worth of Groceries bought from us; one vote for every penny. Come in and enter the contest. Costs you nothing. Watch this space. Ask for particulars.

## REMEDIES FOR FLEAS.

Washington, D. C.—Persons whose houses, pet animals or live stock are infested with fleas are warned in a new publication of the United States Department of Agriculture, Bulletin No. 248, that it is almost hopeless to get rid of the pest if no attention is paid to the breeding places of the insects. It is, of course, important to destroy the adult fleas but this should be accompanied by a thorough cleaning out of all places in which their eggs may be laid. Since it takes from two weeks to many months for the eggs of fleas to develop to adults, there is always danger of a reinfestation unless the breeding places are thoroughly destroyed.

It is a well known fact that certain kinds of fleas are responsible for the spread of the bubonic plague and this alone would make their destruction a universal duty. They are, however, responsible for other diseases as well as the plague, and entirely apart from their share in spreading contagion, they are a great nuisance to human beings, and may annoy live stock to such an extent that they seriously injure the health of the animal. The flea can exist practically everywhere that man can, and if the conditions are permitted to be favorable it will multiply with great rapidity.

Of the approximately 400 species of fleas known to exist the human flea, the dog flea, the cat flea, the rat flea—which carries the plague—and the sticktight flea, are the varieties which most commonly affect human beings and domestic animals. The sticktight flea differs from the others in that when it has once attached itself to a host it remains with its mouth parts immovably imbedded in the flesh. Chickens suffer in particular from this pest and for this reason it is sometimes called the chicken flea. It is frequently seen in dense masses also on the ears of dogs and cats. It is difficult to loosen it from its hold and its destruction therefore, presents some difficulties. Fairly good results are obtained from the local application of kerosene and lard in the proportions of one part kerosene and three parts lard, but if used too freely this may injure poultry.

In the case of other species, the insects hop about much more freely and may or may not, be found at any given time on their hosts. When dogs or cats, however, are found to be suffering, a bath in a 3 per cent solution of creolin will probably be found to be effective. A sufficiently accurate method of making such a solution is to add four tablespoonfuls of creolin to each gallon of water. Warm water should be used and the animal placed in a tub with the solution in it. A stiff brush should then be used to work the solution into the hair, particular care being taken to wet the fleas on the head of the animal. The bath should last five or ten minutes, after which the creolin should be rinsed off and the animal washed with warm water and soap. This treatment is desirable for cats and will prevent the skin of the most delicate animal from being burned. Finely pulverized moth balls worked into the fur of the cat are also useful. The naphthalene in the moth balls drives the fleas out of the hair. They emerge in a stupefied condition and can then easily be killed. Insect powder, sometimes called pyrethrum, buhach or Dalmatian insect powder, may be used in the same way. Fresh, undiluted pyrethrum is necessary to secure satisfactory results.

It has already been said, however, that it is useless to attack the adult flea if no attention is paid to its breeding places.

## Daily Building

To be continually well, calls for food that contains elements that surely build up the whole system—body, nerves and brain.

## Grape-Nuts

—made from whole wheat and malted barley—contains the full nutriment of the grain, including the mineral salts, so essential to balanced re-building.

Grape-Nuts, partially predigested, agrees splendidly with child or adult. Requires little work from the digestive organs and is quickly absorbed by the system generally in about one hour.

Thousands have found a helping hand in Grape-Nuts food—

"There's a Reason"  
Sold by Grocers.

ing places. The flea may lay its eggs upon the host animal, but in the case of the human flea, most of the eggs are probably deposited while the insects are in their nests some where in the vicinity. In houses the cracks of floors or under matting or carpets are favorite places. The conditions under buildings are often favorable for breeding. For this reason it is desirable that dwellings, stables and sheds should be so arranged that cats, dogs, chickens and other animals that harbor the pests can not go beneath them to sleep. Dirt floors in chicken houses and sheds furnish more favorable conditions than wooded floors and young flocks are often found in the straw, feathers and waste in such places. Where chicken houses and sheds are found to be infested the manure should be hauled away and spread in fields. Unnecessary rubbish and dry animal matter should be piled up and burned. The ground, the floors of outhouses and similar places where the breeding is supposed to occur should be sprayed with kerosene or crude petroleum sprinkled about. An inexpensive preventive measure is the liberal use of salt about the breeding places and then wet down. Semi-weekly thorough wettings with water have been found to keep fleas out of poultry runs in Texas and salt water from the Gulf is used extensively for this purpose along the coast.

Where it is supposed that dogs or cats are largely responsible for the infestation it is desirable to compel them to sleep in a definite place in order that the eggs from the fleas may be concentrated and thus more easily destroyed. A few gunny sacks or a mat for infested animals to sleep upon will be found to contain a great majority of the eggs and these can be destroyed by shaking the cloth over the fire or exposing them on a bare spot to the rays of the sun.

Where fleas are found to be breeding in the house itself the first step is to sweep up all the dust and burn it. Floor coverings should be removed, aired and beaten and the floor scrubbed with strong soap suds. Various insecticides have also been found to be effective but many of these are either dangerous to health or injurious to various articles.

Fumigation with sulphur fumes or hydrocyanic acid gas has also been employed to rid dwellings of fleas. Both of these have the additional advantage of killing rats and mice as well as fleas, but sulphur is open to the objection that it corrodes metal and injures plants. Hydrocyanic acid gas is so deadly that its use except under expert direction is quite out of the question. In fumigating with sulphur four pounds to each 1,000 cubic feet of space should be used. The sulphur is piled up cone-shaped in a tub which is placed in a larger pan or tub of water to avoid fire from the heat generated. A depression is made in the top of the cone of sulphur, a little alcohol poured into it and a match applied. The room to be fumigated should be tightly closed beforehand and kept closed from 10 to 12 hours. At the end of that time the doors and windows should be opened from the outside and the room thoroughly aired before it is entered.

Various methods of trapping fleas have been tried at one time or another but none of these appear to be of as much practical value as the methods already discussed. It is well to remember however, that the flea can not jump very far—a few inches being the usual limit—and for this reason if the legs are protected a person is rarely bitten. In plague infested areas where it is of the utmost importance to prevent even a single flea from biting a man fly paper has sometimes been wrapped around the legs and the fleas that jump against it have been caught and killed in this way. In badly infested regions it is also possible to isolate the bed if sufficiently high, by taking care to keep the clothing from hanging down. If the logs of the bed are sufficiently rough to enable the fleas to climb up them they should be placed in large pans of water or fly paper should be wrapped around them.

## HALF MILLION WERE HONORED.

Berlin, August 18.—The number of Iron crosses thus far granted to German soldiers is near the half million mark. Statistics up to March 31, according to the Cologne Gazette, showed a total of 333,261, crosses of the second class. Even in this rate has only been maintained since—and undoubtedly it has been exceeded, considering the increased number of men under arms—it would give a total exceeding 450,000. In the period mentioned, 6,488 Iron crosses of the first class had also been granted. The holders of these must previously have won the second-class decoration. The crosses issued up to March 18 had cost about 2,800 marks.

The campaign of 1870-71, 45,791 Iron crosses of the second class were granted, and 1,304 of the second class. More than 12,000 of the recipients are officers.

## BLOWING A GALE.

Galveston, Texas, August 17.—At 8 o'clock the barometer had fallen to 29.0 and still was falling. The wind was blowing sixty-five miles an hour. There was about three feet of water in the streets near the bay. No great damage to property had occurred and no loss of life had been reported.

## POLITICAL ISSUES OF WAR HAVE FORESHADOWED CAMPAIGNS IN EUROPE.

With the fighting for supremacy proceeding virtually as it has been for days past the political side of the war has for the moment risen to the fore by reason of announcements that it is the intention of the quadruple entente allies to declare cotton contraband, and that the party of the former Greek premier, M. Venizelos, whose cabinet resigned last March, when King Constantine disapproved of his policy in favor of the entente allies, again is in power.

The newly elected Greek Chamber of Deputies has convened and chosen by a big majority for its presiding officer, M. Zavitzanos, an adherent of M. Venizelos, and the cabinet of M. Gounaris has resigned. The merger announcement of the changed political conditions in Greece contains no intimation as to how Venizelos now stands with regard to his country's position in the war. The correspondent in Athens of a Berlin newspaper, asserts, however, that Venizelos still believes that the interests of Greece lie on the side of the entente allies, but that it is not the time for her to join them actively.

## RECORD OF THE PAST

No Stranger Evidence Can Be Had In Maysville

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Anyone with a bad back; any reader suffering from urinary troubles, from kidney ills, should find comforting words in the following statement.

Mrs. John Burns, Maysville, says: "I was subject to severe spells of backache and kidney trouble. They came on every three or six months and at times I was confined to bed and almost helpless. I used Doan's Kidney Pills and they gave me quick benefit. Since then when I have noticed slight return attacks of backache, I have used Doan's Kidney Pills and they have never failed to quickly check the trouble."

OVER SEVEN YEARS LATER Mrs. Burns said: "The statement I gave before praising Doan's Kidney Pills still holds good. I know that this medicine acts as represented." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

## DO IT NOW!

What? Enter the Pony Contest. This firm, together with eight other progressive business institutions, has inaugurated a contest whereby some boy or girl will secure a fine pony, buggy and harness ABSOLUTELY FREE OF CHARGE. One ticket given with every penny's worth purchased. Now is the time to enter while the race is in its infancy. The contest closes September 30th. Always call for tickets when making a purchase at—

Maysville, Ky.

## SALICYLIC ACID "MADE IN AMERICA."

Washington, August 17.—A small industry which was built up in this country under Republican protective tariff laws was the manufacture of salicylic acid, a basic product used in making a number of chemicals for pharmaceutical purposes.

For twenty years American manufacturers of this product have fought the German syndicate, which fixes prices on this acid in every country of the world, except the United States, which is left open as a dumping ground for the surplus. Prior to 1893 practically all the salicylic acid in this country was supplied by the German syndicate, which kept the price up to \$1.25 a pound. Then came the erection of a factory at St. Louis, which cut the price in half, and the German competitors promptly dropped to 55 cents. Under the Wilson free trade measure the German syndicate had the American market sewed up. Then came the Dingley law (Republican) which gave salicylic acid a duty of 10 cents a pound and the industry has its stride.

By 1903 the German control of the American market was broken, and the product was being sold at around 30 cents a pound and the purchase price remaining at home. The Payne law made a reduction of 50 per cent in duty. This forced the American manufacturers to extend themselves to the very utmost to meet the German competition which followed, but they were still just about able to hold their own. One member of the German syndicate offered the Heyden Chemical Works, Garfield, N. J., to withdraw its competition from the American market if they would pay a yearly indemnity of 10,000 francs. The offer was promptly declined.

The Underwood law dealt the industry a solar plexus by reducing the duty to 2 1/2 cents a pound and immediately the industry in this country began to languish. The European war has tied up exports from Germany, and for the time being, has acted as a prohibitive tariff, so that American capital and labor engaged in the production of salicylic acid have had a breathing spell for the past year. But the end of the war will again find Germany reaching out for our market, and getting it too, unless the protective rates are restored, which will be done only under a Republican administration.

Paris, August 17.—The Ministry of War has issued a note saying that the published statements that the French troops are using poisonous gas, are untrue.

## HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."  
—Mrs. C. H. GURRY, 1568 Constant St., Cleveland, Ohio.

Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."  
—Mrs. ADA WILTZ, 303 Walnut St., Hanover, Pa.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidentially) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## STILL LACK FOOD.

Washington, August 17.—Rear Admiral Caperton cabled yesterday from Port Au Prince that suffering from lack of food continued among the poorer classes in the Haitian capital. He suggested that the American Red Cross send a representative to superintend the relief work.

The Red Cross cabled \$1,000 to Port Au Prince Saturday and will arrange to send an agent there at once.

## ARMED BORDER BANDITS KILL ONE AMERICAN.

Brownsville, Texas, August 17.—About 100 Mexicans under cover of darkness last night forded the Rio Grande near Mercedes, about 30 miles up the river from here and partly surrounded twenty-one men of the Twelfth United States cavalry. They killed one trooper. For a time it was reported that the Mexicans were advancing on Mercedes but at midnight all had disappeared. Soldiers and posses are searching the brush for them.

Reports of renewed attempts by Mexican bandits to reorganize their bands in the lower Rio Grande valley were brought here by a captain of the Texas Rangers, J. J. Sanders.

A detachment of United States cavalry patrol was fired on last night from the Mexican side of the Rio Grande near Mercedes, about thirty miles up the Rio Grande from here. The firing occurred at Progreso. The cavalrymen returned the fire and the shooting from the Mexican side stopped. There were no casualties among the American troops.

Captain Sanders said he had received reports that Mexicans are crossing into Texas one or two at a time and that they were attempting to gather in Hidalgo county, west of Brownsville. Sunday, he said, a dozen approached a ranch house near San Benito, sending two to the house. The rancher's wife was at home alone.

They asked her where her husband and his horses were. After satisfying themselves that both the man of the house and the horses were

away, the Mexicans left. Rangers were searching for them today. The Twenty-Sixth Infantry from Texas City went on duty here today. About 175 men of the Twenty-Sixth were left at Kingsville, 115 north of Brownsville, and more than two companies were on patrol at Harlingen, between here and Kingsville.

Rangers and peace officers are disarming all Mexicans outside of the larger towns throughout the Brownsville section. The finding of firearms in the possession of Mexicans is practically a death warrant, unless the Mexican is known to Americans as being peaceful. Even with such a record, firearms are confiscated and a warning given not to obtain any more.

There is a state law against "pistol toting," but Mexicans in the country about here have avoided penalties of this law by carrying rifles.

## CARRANZA WILL NOT YIELD TO PAN-AMERICAN APPEAL.

Washington, August 17.—General Carranza's friends in Washington expect him to send an unyielding response to the Pan-American appeal addressed to military and civil leaders of Mexico urging them to join in a peace conference for the restoration of constitutional government. They think he will adhere to the position he took at the time of the Niagara Falls mediation conference last summer, maintaining that intervention by other nations in their affairs is unwelcome to the Mexican people.

According to some of his friends, Carranza in his reply will assert that peace has already been established throughout much of Mexico by his own armies, that the government of which he is the head is constitutional and in full control of the territory in which order has been restored, and that upon transferring his capital from Vera Cruz to Mexico City in a very few weeks, he will agree to confer with all revolting factions.

In some quarters, however, it is

suggested that Carranza may consent to join a conference. Word was received at the State Department yesterday that both Carranza and Villa had received the Pan-American appeal and that General Pablo Gonzales, the Carranza commander, had promised safe conduct to messengers who are to carry the appeal to General Zapata and others. The Department announced that no replies had yet been received. Unofficial reports were received during the day stating that several of Carranza's generals had received the appeal to their first chief and would not reply personally.

Orders finally were dispatched today to the battleships Louisiana and New Hampshire en route to southern waters, to proceed at once to Vera Cruz. Rear Admiral McLean on the Louisiana, has been directed to assume command of American naval forces in Mexican waters. The gunboat Carletta, now at Vera Cruz, has been ordered to return to Progreso as soon as the battleships arrive. The Sucremonte, halted by a storm in the Gulf off the Mississippi river, will not return to Vera Cruz.

"The battleships have been ordered to Vera Cruz," Secretary Daniels said yesterday, "to replace the gunboats which will not return. The Marletta is returned to Progreso because of complaints that there is trouble there in getting the American shipments out of that port. There are no further alarming reports from Vera Cruz and no trouble is expected."

## TEXAS COAST SWEPT BY GALE—WIND BLOWING AT RATE OF 75 MILES AN HOUR—RAINS CONTINUALLY.

Dallas, August 17.—Wires to Galveston went down at 6:30 last night. The storm threatened also to cut off wire communication with Beaumont and several other Texas coast towns.

Galveston, Texas, August 17.—The tropical storm which struck Galveston

yesterday while very severe, had caused no serious damage or loss of life up to 6 o'clock.

The Galveston sea wall, built as a precaution against such hurricanes, had withstood the fury of the storm and showed no signs of weakening. The storm struck the city late in the forenoon at a velocity of thirty-four miles an hour. At noon it had increased to sixty miles an hour and during the late afternoon threatened to sixty and seventy miles an hour, blowing in a northerly direction.

No estimate as to the extent of the storm in Galveston or the surrounding country could be made by the weather bureau, owing to the wire failure. It was estimated that 5,000 persons left Galveston by train, interurban and automobiles during the last thirty-six hours. Practically all of the homes, especially those on the beach, have been evacuated and the people were gathering in down town hotels and public places.

The life saving crew was held in readiness during the day, but there was no occasion for its use. The city is in darkness. Warning of the tropical storm was given to shipping in ample time and no vessels left port during the day. Several ships are due here and have reported as standing by several miles off shore.

Brownsville, Texas, August 17.—The army wireless station here received a report from the transport Buford at Galveston last night that the water had risen ten feet and that several vessels had turned over in the harbor there.

## "THE NEXT PRESIDENT."

Colonel Roosevelt, turned prophet for the moment, told the people at San Francisco that "Johnson is the next President."

Far be it from us to engage the Colonel in debate upon this subject now. But we think our readers may be interested to know something about their "next President," and we are able to present a sort of thumb-nail sketch of him which is taken from a letter written to a friend in the east by the editor of one of the California dailies who, in speaking of political conditions in California, says:

"Here we have the remains of the Progressive party to deal with, which are with us in the shape of a vigorous machine built up and engineered by Hiram Johnson. The Democrats are a negligible quantity in California, but the Johnsonites are real opponents. We are at this time fighting their non-partisan bill, so-called, which is in fact a one-partisan bill and has for its purpose, of course, the perpetuation of the Johnson machine. All the parties of the state have united to fight this measure, which comes up on a referendum vote this fall. We are devoting our strongest fire at this time against this measure and until that is laid on the shelf, the national issues of 1916 are of secondary consideration."

"The tenacity of the Johnson machine extend to every corner of the state, and every humble cog in the machine has all the enthusiasm of a crusader of the Middle Ages. Fortunately the people of California are coming back to their senses and our country for one, noramlly Republican, but which went astray after the strange gods, is coming rapidly back into the Republican fold. But the election this fall will be a fight worth while. The Johnson machine is spending a fortune (of the people's money) in strengthening every portion of the political fence which appears to be giving, and they are prepared for the fight of their lives, as indeed this election will be. If the non-partisan measure is lost, Progressivism in California is done for. If the measure wins, we have still got a fight on our hands. Just what the Progressives of this state will do in 1916, in case they do not have a national ticket, remains to be seen, but the prospect is (judged from the press of their party here) that they will kid themselves and their constituents into thinking that the Republican party has adopted measures urged by the Progressive crowd, and that they are in consequence justified in putting their tails between their legs and sneaking back. What's another flop, more or less, to a Progressive? And there's talk moreover, that if W. J. B. comes out on a grape-juice platform under any old party, that a large portion of the Progressive crowd of this state will flock to his banner. For this issue is another which will have to be fought out in this state in 1916.

"To cut this letter short, the first job of the Republican press of this state, is to bury Hiram Johnson and his crowd. The Democratic party is not a factor in California politics and never has been. The national campaign of 1916 will see California overwhelmingly Republican. Our citrus-fruit men, our bean men, our sugar men and our cattlemen, have had plenty of the combination wherein tariff, or lack of it, opens our doors for the foreigners who are able to make it with their produce, and which closes the door of the European market because of the war."

## EXPLAIN BOMBARDMENT.

London, August 17.—The text of the statement follows:

"A German submarine fired several shells at Parton, Harrington and White Haven in Cumberland county between 4:30 a. m. and 5:20 a. m., yesterday but no material damage was caused.

"A few shells hit the railway embankment north of Parton, but train service was only slightly delayed.

"Fires were caused at White Haven and at Harrington which were soon extinguished.

"No casualties were reported." White Haven, which lies near the entrance of Solway Firth, has a population of about 20,000. The town has numerous factories for the manufacture of cordage, sail cloth and other commodities, together with iron and brass foundries and ship yards. Harrington is a small town five miles north of White Haven, its population being about 4,000. Parton is another small seaport, a town a mile and a half from White Haven.

Washington, August 17.—Secretary Daniels has ordered the battleships New Hampshire and Louisiana to proceed to Vera Cruz. This course was generally expected, but not until yesterday was it acknowledged at the Navy Department.

# EXTRA! \$100 in Gold Prizes 75,000 Extra Votes

## In Daily Bulletin-Public Ledger Great \$2,400 Prize Campaign

Beginning yesterday at 8 a. m. and holding good until 9 p. m., August 28, the Contest Department offers two special inducements for every candidate in the great race. During this period thousands of extra votes will be given and six extra gold prizes in gold.

Now Is the Time For All to Get Busy. Every Candidate Has an Equal Chance Now.

## Gold For District No. 1 Gold For District No. 2

First Extra Prize . . . . . \$25.00  
Second Extra Prize . . . . . \$15.00  
Third Extra Prize . . . . . \$10.00

First Extra Prize . . . . . \$25.00  
Second Extra Prize . . . . . \$15.00  
Third Extra Prize . . . . . \$10.00

To the candidate of Maysville and the candidate outside of Maysville securing the largest amount in subscription payments of their respective districts during this offer will each be given \$25 in gold. To the candidate of Maysville and the candidate outside of Maysville securing the second largest amount in subscription payments during this offer will each be given \$15 in gold and the next two highest candidates of each district will be awarded \$10 in gold.

These extra gold prizes do not in any way interfere with the awarding of the regular twenty prizes and are given only as a special inducement for every candidate to get busy during the next ten days.

One Automobile Given in Maysville and One Given in Territory Outside Maysville. WHO WILL WIN THESE FINE CARS? THE BIG CONTEST ENDS SATURDAY NIGHT, SEPTEMBER 11, AT 9 P. M.

## Great 75,000 Extra Offer

Each and every \$15 worth of subscriptions on either paper or both will entitle the candidate to an extra credit of 75,000 extra votes in addition to the regular votes given according to the regular scale. Every subscription of four months, six months and twelve months can be included on this offer and a five years subscription will count as one club. All subscriptions turned in now count in three ways: First on the gold offer; second in regular votes and third in the great 75,000 extra club offer and with such a wonderful inducement every candidate desirous of winning a prize should get busy now for it is only for a few weeks until this great campaign ends.

### SPORT LETTER.

Cincinnati, August 18.—Harmony and good conduct are two elements for which Manager Herzog is strongly striving, and with the elimination of Pitcher Rube Benton it looks as if another step had been taken in the direction of bringing about the desired condition in the Cincinnati team. Since Herzog took charge of the Reds he has had a lot to contend with in the way of internal disturbances, who either were troublesome themselves, or led other players on to become fractious. In the case of Benton, that young man did not take his work with sufficient seriousness to suit the local management. He was too fond of frolic and failed to set his heart and mind and improvement when Manager Herzog pointed out the way for him to become a valuable aid to the Reds in their game efforts to improve their position before the end of the season. And so Rube was sold. Manager Herzog believes that he has removed the last handicap to the team's progress, and from now on expects to move forward.

That certainly was a glorious expression of loyalty which the followers of baseball manifested toward the Reds on Sunday, when more than 15,000 boosters, many hundreds of them from cities and towns some distance removed from Cincinnati, turned out to show the Reds and the Cincinnati club management that interest in the team and in the game was not even slumbering. And what a splendid reward the Reds gave these loyal fans! After they had defeated the Pittsburghs twice on Saturday it was more than any one even dreamed of that they would repeat the feat on Sunday; but they did it, and in one of the games made one of their behind-the-scenes for which they are becoming noted. After the double win of Sunday less than 100 points separated the Reds from first place and while no one is claiming that they'll defeat the Boston Red Sox, the Cincinnati team is a Cincinnati uniform at Wheeling the other day, will be given further opportunity to display his wares on this trip. Meanwhile McKenney, Dale Toney, Lear and Schneider are doing exceptionally good work, and with the continued good hitting of the team behind them, are certain to pull away from the tail end of the procession before long.

It is likely that two or more young pitchers will join the Reds on their present eastern trip and it is certain that they will be put to work at once, as the departure of Benton and the alleged jumping of Comstock, purchased from the Providence club, to the Federal League, has left the team just a trifle short on hurling material. It is likely that McCloskey, a left-hander, who twirled his first game in a Cincinnati uniform at Wheeling the other day, will be given further opportunity to display his wares on this trip. Meanwhile McKenney, Dale Toney, Lear and Schneider are doing exceptionally good work, and with the continued good hitting of the team behind them, are certain to pull away from the tail end of the procession before long.

### GERMANY MAY CONFISCATE PART OF BEER PRODUCTION.

Berlin, August 17.—Confiscation of a part of the German beer production is a possible though not probable step to be expected because of the abnormal state of affairs existing in Germany today. Confiscation will be resorted to by the government only in case the breweries fail to set aside a certain percentage of their normal production—20 per cent—for the use of the army.

Even the contemplation of such a step indicates the importance which beer has in Germany and puts it into exactly the same category with bread and meat.

In the semi-official statement denying that any confiscation is contemplated immediately, it is definitely stated that this step will become necessary only if the breweries, contrary to expectation, fail to supply voluntarily the amount of the brew which is regarded as "indispensable."

"With the strongly patriotic feelings that inspire all branches of our people," continues the announcement, "it is assumed without question that the breweries will bear present conditions in mind and will be willing to do their share toward the well-being of our troops."

The report adds that the soldiers have to buy the "beer which is indispensable to their strengthening and well being," out of their own pockets, a circumstance which of necessity dictates to the army authorities in their establishment of prices paid or to be paid.

## BASEBALL NOTES

### JOE BUSH LOOKING OVER OHIO STATE LEAGUE.

Joe Bush, scout for the Athletics, and Billy Wiley, scout for the Spiders, were out looking the local and visiting players over yesterday. It is said that Shortstop Caton of the locals, and Catcher Blackwell of the Colts are being reviewed by Mr. Bush.

It will be remembered that Bush won big honors in the world's series when he defeated the Giants for the Connie Mack team. At the time Bush was unheard of in the baseball world and few people knew that he was on the Philadelphia twirling staff.

Several weeks ago Bush strained a ligament in his arm and he is now out scouting for Connie Mack. He expects to pick up several promising players in the class Ohio State-Portsmouth Star.

### ANOTHER DOUBLE-HEADER TODAY.

As the game between Ironton and Maysville was called off yesterday on account of rain and wet grounds, a double bill will be staged at League Park this afternoon. The first game will begin at 2 o'clock. Tomorrow will be Ladies' Day, and Ironton will play their last game of the season here.

### MARQUARD MAY GO TO MINOR LEAGUE.

New York, August 17.—Rube Marquard, famous pitcher of the New York Giants, may go to the minors. He has been going very poorly for New York, and McGraw has asked waivers on him.

### FRANKFORT IN FIRST PLACE.

By Maysville not playing Tuesday and by Frankfort defeating Charleston, the Colonels dropped to second place and Frankfort went to first place.

### "THE BUSY BEES."

Class No. 7 of the First Baptist church organized their class Sunday, August 8, and gave it the name of "The Busy Bees." The following officers were elected:

President—Frances Huff.  
Vice President—Margaret Brown.  
Secretary—Georgia Chambers.  
Treasurer—Minnie Groninger.

All members of Maysville Star Lodge No. 1,948, are requested to meet at their lodge room at 7:30 Friday night, August 20. Business of importance.

The funeral of Amanda Belle Howe, who died at her home on East Fourth street, Monday afternoon, will be held this afternoon at 2 o'clock from Scott's M. E. chapel. Interment in the Maysville cemetery.

The Civic Improvement Club will meet Thursday night at 8 o'clock at the residence of Mrs. W. C. Patton, on Forest avenue. Let all members be present. Business of importance.  
MRS. H. L. ANDERSON, Sec.

Dr. C. W. Patton is out of the city for a few days.

## Correspondence

### MOWER PARK.

Campmeeting was well attended all week, missing two nights by reason of rain. There is much interest manifested. Parties from a distance returned home the first of the week. Quite a crowd came out Sunday and the morning, afternoon and night services were entertaining and instructive. Rev. and Mrs. Holloway have held campmeetings before and know how to present the Scriptures to the unawakened and to get people to God. Mrs. Holloway preaches the Bible as she reads it and not to suit this or that person or denomination. Come out next Sunday, the 22d, and hear the woman preach Holiness doctrine.

Our roads are rather rough on the automobiles. A heavy rain here Saturday evening laid the dust and made Sunday a fine, cool day for campmeeting. The wire footbridge which was torn down by the recent floods at Fears, is being re-erected by the enterprising citizens. Colonel William H. Garrett, of Oklahoma, former member of old Croton Post, G. A. R., is visiting here and attended campmeeting Sunday. Old ex-soldiers about here and Manchester are trying to get up a coach load of the "old boys" to attend the National Encampment at Washington, if proper rates can be had from the railroads.

## Advertised Letters

List of unclaimed letters in the Maysville postoffice week ending August 18, 1915:

One cent due on above letters.  
Parties calling for same will please say "advertised."  
M. F. KEHOE, P. M.

### THE SHOWS.

The Gem presented to its patrons a fine line of films Tuesday night. The Ford Weekly was very interesting, as were the other films shown. The Washington Opera House presented Mary Pickford in "Fanchon the Cricket." The show was pronounced by many who saw it as the best ever shown in this popular playhouse. A large crowd attended.

### ON TIME RECORD.

Cincinnati, O., August 18.—Statements just compiled in the office of General Manager Davis of the Baltimore & Ohio Southwestern, shows that during the months of June and July, the "on time" record for passenger trains on the road was 96 per cent. When it is considered that this percentage includes local as well as through trains, and that it includes both main line and branch business, it is certainly remarkable and a record that operating and passenger officials should justly feel proud of.

### SQUIRE BAUER'S COURT.

Squire Fred W. Bauer had one lone case before him Tuesday, Clifford Whitman, \$9.15 for trespassing.

## 400 Died From Accidents in Cincinnati, Ohio, Last Year

## OUR FRIENDSHIP NECESSARY.

Milan, Italy, August 17.—A long dispatch from Petrograd outlining the situation in Russia, which gives the impression of being inspired by Sergius Sazanoff, Russian Foreign Minister, is published by the Corriere della Sera. The article says in conclusion:

"The proposal for a Russo-Japanese alliance finds no opposition on condition that it is not aggressive against China, or even less against America, whose friendship is necessary to Russia."

## GERMAN SUBMARINE BOMBARDS THREE ENGLISH TOWNS IN IRISH SEA.

London, August 17.—Pardon, Harrington and White Haven in Cumberland, England, on the Irish sea, were bombarded yesterday by a German submarine, a British official statement announced. Some fires were caused, but the damage was slight, and there were no casualties, the statement adds.

Mr. and Mrs. Charles I. White, and son, Joe, who have been visiting friends and relatives here, have returned home after a most enjoyable visit.

## ANNOUNCEMENT

The following prices f. o. b. Detroit, effective Aug. 2, 1915:

Ford Runabout ..... \$390.00  
Ford Touring Car ..... 440.00  
Ford Town Car ..... 640.00

No speedometer included in this year's equipment, otherwise cars fully equipped.

There can be no assurance given against an advance in these prices at any time. We guarantee, however, that there will be no reduction in these prices prior to Aug. 1, 1916.

## Profit-Sharing With Retail Buyers

On August 1, 1914 we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed, should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but, realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars.

Ford Motor Company  
DETROIT

The Interest Displayed By the Ladies in the

## Ideal Fireless Cooker

demonstration has prompted us to give every lady who chooses to own one an opportunity to own one, so beginning on

Wednesday, August 18th, 1915,

we are going to organize a club which will be limited to 25 members who can purchase an "Ideal" Fireless Cooker on the unheard of terms of \$1 down, which delivers the cooker to your home, and then pay the balance in small weekly installments of \$1 each.
